February Hands-On Workshop

To get the creative juices flowing and inspire our members to use their talent, we will be participating in a hands-on workshop at our February meeting. Ellen Schneeflock will be conducting a colored pencil workshop in reverse shading. **Please bring any colored pencils you might have, especially white ones.**

Join us next Thursday, February 2 at 7 PM in the Boland Room for some creativity.

January Photo Slide Show

At our January meeting we were treated to a virtual trip around the world. Photographer, Eric Vickery took us from Massachusetts to China via California and Italy. His photos were amazing and took us to places we have only dreamed of. We got to know more about Eric through his early slide shows as he traveled across the country with a good friend visiting a lot of the state parks and sleeping under the wing of the airplane at night. His daredevil and adventurous side came through with his skydiving and airplane videos. We will certainly invite Eric back to view more of his adventures.
